

Create some *new* memories

As winter whips through the woods, guests of the Hilltop Manor Bed and Breakfast are welcomed and warmed under the rock arch by innkeepers Faith and Bob Kraemer.

Nestled in Hot Springs, Arkansas, this 8,000 plus square foot manor was built in 1890 and has been elegantly restored to its full craftsmen-style grandeur, making it the perfect place for weddings, anniversaries, and other special occasions.

Each of the three unique guest rooms has an allure and charm all their own, but all offer amenities like king-sized beds, cozy breakfast tables, and high speed wireless Internet. An additional suite will be available in January. The stately Oak Suite offers original hardwood floors, a sun-drenched sleigh bed, and rich tones of gold and maroon. The oversized Jacuzzi provides couples with a romantic and relaxing retreat: a perfect prelude to a quiet evening together curled up in front of a private fireplace.

The Rose Suite meshes dark woods, pristine light green walls, and romantic rose accents that quickly calm the soul and delight the senses. This room has a Jacuzzi tub and shower, as well as ample room to wrap up in thick robes to enjoy the view of the waterfall outside. The Spruce Suite which overlooks the manor's back yard boasts a four-poster

bed, a floor-to-ceiling stone fireplace, and can be combined with the Rose Suite to create a family-sized accommodation.

Up to one hundred guests can be served in the dining room, which is still being illuminated by the original lighting fixtures, offers dark, high-beamed ceilings, elegant place settings, and a magnificent fireplace. The leather-accented parlor, which easily seats sixty guests, is perfect for more intimate gatherings and events.

When you stay at Hilltop Manor, you can expect palatable delights; such as fresh fruit soaked in Muscat Wine and Crème Sauce, Triple Berry Coffee Cake, Apple Sausage Quiche and Banana-nut Waffles for breakfast each morning. There is also complimentary red or white wine served with something hot, something cold, and something sweet each afternoon. The Hilltop Manor is well known for glitzy galas, fairy-tale weddings, golfing retreats, the 'girls' getaway, and romantic escapes. The Kraemers offer a myriad of event packages and specialize in attention to detail, making every guest's experience memorable.
